

Spirit Flows Apostolic Ministries and Business Network

This network is established as a fellowship organized by Bishop John A McCullough, II.

The SFAMBN is committed to strengthening the Kingdom of God through covering pastors, ministries, and business leaders. SFAMBN understands that the Kingdom of God is not limited to only operations within the “church walls.”

Our focus is Fathering, Kingdom Advancement, and Developing Synergetic Covenant Relationships.

The Para- Church Ministries/ Business Division

Para-Church ministries are outreach organizations not affiliated with a particular church but assist in manifesting the Kingdom to the world. These organizations operate independent of denominational oversight and often leave leaders without opportunity to be covered in their work.

Many business leaders desire to have spiritual support and covering in a time where the business has a goal of being impactful in influencing the mountain of business for kingdom advancement.

The vision is accomplished:

- *By fathering, through mentoring, intercession, experience, and impartation.*
- *By maintaining covenant relationships with network members through easy access to leadership*
- *By providing workshops, retreats, seminars, and conferences for training and equipping of network members that are relative to each division of the network*
- *By providing counseling, information and other resources relative to the development and perfecting of each network area*
- *By providing ongoing opportunities for networking with other relevant colleagues*
- *By conducting quarterly mentoring sessions*
- *By allowing the use of the FCC Campus when available at no cost (Facility only - prior approval needed)*
- *By serving as a clearing house for referrals*
